RM Contractors carry out daily contract cleaning services for a number of large retail developments, including one of the North East's premier designer outlets numbering over ninety units. Our contracts include major cleans of large architectural buildings using the latest technology. We are highly trained and experienced in the safe use of harnesses and hydraulic platform vehicles and we can access any building in a safe and controlled manner. All of our window cleaning operators are IPAF trained. We are proud of winning Safe-Contractor accreditation for our window cleaning operations. This demonstrates our firm commitment to Health & Safety. Risk Assessments and Method Statements are provided for all tasks undertaken.
