

## What our Customers are saying

&ldquo;RM Contractors have worked for Land Securities at the Coppergate Centre for over ten years, carrying out a range of different tasks very efficiently. We need to maintain the highest of standards at the Coppergate Centre and it is therefore very important for us to have contractors who understand this and work to a high specification. RM Contractors always respond quickly and efficiently to urgent requests for help and I have no hesitation at all in recommending them.&rdquo; Centre Manager, Land Securities

&ldquo;We originally chose RM Contractors because of the safe and environmentally sound working practices they employ, especially the Reach and Wash system, which eliminated the need for ladders and uses 100% de-ionised water. Our main office block is entirely glass-faced and it seems to retain that &lsquo;just washed&rsquo; look week after week.&rdquo;
